Woody Herman to Provide Music For Tower Dance Saturday Night

Woody Herman's band will be on campus for the annual Tower Dance, to be held Saturday, February 28, from 9 p. m. to 1 a. m. in the College Gymnasium.

Bob Severson, chairman of the Central Party committee of the Union Board, will direct preparations for the dance.

Work on Preparations

Barbara Burgess, Bobbie Walker, Bonnie Warner, and Charla Blagg are in charge of invitations. Others helping with arrangements are Jim Offenbacher, chaperones; Roger Blackwell, radio publicity; Eugene Watson and Clyde Brown, ticket sales; Jim Jarvis, advertising; Carolyn Boner, posters; Jim Tusey, decorations; and Russel Phelps, coat check.

Candidates for Tower Queen and their campaign managers will be presented at the beginning of the dance, and the candidate receiving the highest number of ballots will be announced as Queen during the intermission. At this time her four attendants will be announced also.

Band Has Good Reception

Woody Herman and his band have been well received throughout the country, having appeared at most of the larger colleges and at night spots where the best talent appears.

Coming from New York, where he appeared on television on the Steve Allen Show February 1 and the Firestone Hour's All Jazz Show February 9, Herman will make several stops in the Midwest before returning to New York and continuing to Europe.

Students and faculty members are requested to purchase their tickets, at three dollars per couple, prior to the dance.

Officials to Report Parking Violations

Parking regulations will be enforced beginning tomorrow. All stickers must be displayed.

Students must park only in the lot designated, and not along roads or in any other area.

Penalties must be paid in the Business Office unless the student wishes to plead his case before the Student Court, which will be held Friday morning, March 6, at 7 a. m. in the Upper Room of the Union.

People who have failed to register their cars will be fined a minimum of five dollars, according to the Student Court.

Mr. Bladt Falls; Breaks Left Arm

Mr. Luther Bladt, speech and English teacher here, fell on the ice Wednesday night, February 18, in front of Condon's Drug Store and broke his left arm just below the shoulder. His arm is encased in a cast. He is at home, and he does not know when he will be able to return to school.

College to Present G. M. Cohan Play To Open in March

Thieves, ghosts, murderers, and general mayhem will appear on the stage, when the speech and drama department's production of George M. Cohan's mystery-farce, "Seven Keys to Baldpate," opens in the College auditorium on March 12. A repeat performance will be given March 13.

No afternoon performance will be given of the play according to Dr. R. E. Fulson, head of the speech and drama department, but student activity tickets may be used for either night performance.

Both thrills and laughs will be in abundance for audiences watching the plight of a mild-mannered writer of mystery fiction who runs into a situation more harrowing than any he had ever concocted for the book market.

William Magee goes to a summer hotel called Baldpate Inn in the dead of winter to win a five thousand-dollar bet by writing a novel in twenty-four hours. He believes he has the only key to the deserted hotel, but six other guests, ranging from an ex-convict to a pretty girl reporter, drop in on him to provide a wild and frantic night.

Action will take place in the interior of a summer resort hotel lobby. Along the back and surrounding the stage will be a balcony of the second floor of the hotel. Much action will take place on the balcony, and at times the audience will have to be alert in order not to miss action taking place in two areas.

Scenery for the play is being constructed by John Bush, Ruth Curiman, Dan DeMott, Bill Price, and Del Smith under the supervision of Dr. Fulson. A large safe and a PBX switchboard are among the objects of furniture to be built by the crew. The scenery is expected to be very impressive and of the same high quality that is usually presented by the department.

Living Room of the Campus . . .

"Living room of the campus" is the name often given the second floor lounge of the Union.

In order that the recently redecorated lounge may remain as beautiful as it is, everyone must take care to follow the rules for its use.

Apparently not all students are aware of these rules: Food should not be taken to the second floor; smoking is permitted only on the deck.

Compliance with these rules is necessary if the "living room" of the campus is to remain a pleasant and an attractive place.

Miss Mary E. Keith Is Pioneer Of Present Educational Facilities

Miss Mary E. Keith

Miss Mary E. Keith, educator, community worker, and now a member of the library staff, has been with the College for 34 years. She has helped, through her understanding of the need for teamwork and her perpetual desire to do the best for every student, to pioneer and build the present educational facilities of this college, namely, the demonstration and laboratory school.

Starting her teaching in a rural school in St. Genevieve County in 1912, Miss Keith has had varied previous teaching positions in both elementary and high school levels.

Was Reared on a Farm

Miss Keith is the daughter of Edwin and Catherine Keith and was reared on a farm near Farmington. After attending high school at Perryville and Southeast Missouri State College at Cape Girardeau, she completed two years of college work at Cape Girardeau and attended the last two years at the University of Missouri, receiving a B. S. in Education degree in 1922.

Completing one year of graduate work at Teachers College, Columbia University, New York City, where she received an M. A. degree in 1928, she attended one year at the University of California, Berkeley, and one summer at the University of Chicago.

Participates in Many Groups

She is a member of the Pi Lambda Theta society and a charter member of the St. Joseph branch of Delta Kappa Gamma. Among the educational organizations of which she is a member are the American Association of University Professors, the Northwest Missouri branch of the Association for Childhood Education, the National Educational Association, and the Missouri State Teachers Association, in which she was a member of the health insurance committee in the late forties. She has attended frequently and participated actively in both national and state associations for Supervision and Curriculum Development. She was vice-president in 1955-56.

Serving in such capacities as a board member and president of the Nodaway County Tuberculosis Association, member of the state board of the Missouri Association for Mental Health, and the Maryville Girl Scout Council, Miss Keith has added much to the community.

She Has Traveled Widely

During the summer of 1936, Miss Keith toured ten countries of Europe enjoying especially such features as the Olympic Games in Berlin, opera in Salzburg, and the art galleries of main cities. During the summer of 1956, she visited England, France, Berlin and West Germany, Switzerland, Italy, and Yugoslavia as a member of the world understanding tour, the Sherwood Eddy Seminar. Study lectures were given by Europeans of prominence from one country or another.

The present location of the elementary school library of Horace Mann School was one of Miss Keith's "brain children." Another was that of suggesting and promoting a music room for all grades of Horace Mann in the then extra room of the intermediate area of the building. This provided facilities for more student teachers. She sponsored the intermediate summer picnic which was held for a number of years and, also, the Intermediate Club during its life on the campus.

Sponsors Many Improvements

Miss Keith instigated the procedure that brought the Horace Mann Elementary Parent Teachers' Association unit to the campus. Swimming for elementary children of the laboratory school was another of her undertakings, in cooperation with the women's physical education department, which eventually became the swimming program of today. The first of these classes was in 1925-26 in the then new "gym."

Was Supervisor Many Years

Says Miss Keith, "The Demonstration Rural School, which I

came to the College in 1924 to conduct, contained 15 children and was operated on the eight-grade plan. It was housed in room 124 of the Administration building and constituted what remained of the first period of the campus elementary laboratory school. It had been taught by two students as student labor the year before. At this time elementary student teaching had gone off-campus to the Maryville, public schools. Student teaching was re-established in room 124 and has continued on campus.

"During the three years under the rural plan, the elementary enrollment increased steadily, there having been a second room and a student assistant added. In September, 1927, the school was reorganized into areas. Primary, intermediate and upper grades, and three supervisors were provided accordingly. I was appointed intermediate supervisor in this cooperative plan and held the position for 27 years. They were years of devotion and service to children and teachers-to-be.

Work Brought Progress

"Changes in the elementary laboratory school and the elementary major program came along with changes in the whole college. The extent of change has been tremendous," says Miss Keith.

According to Miss Keith, the following poem, written by James Russell Lowell, suggests how such changes came about.

No man is born into the world whose work
Is not born with him; there is
always work,
And tools to work withal, for
those who will;
And blessed are the horny hands
of toil.

'Cat Wrestlers to Meet William Jewell

Maryville's Undefeated Record To Be Challenged by Cardinals

Bearcat wrestlers, undefeated in eight straight matches, will tangle with the Cardinals of William Jewell College here at home on Tuesday, March 3. The match will begin at 8:00 a.m.

The Bearcats met the Cardinals earlier this season on January 12 and whipped them 22-8. Other wins for the Bearcats so far have been over Wentworth College twice, Graceland twice, Fort Hays State, Dubuque College and Missouri University.

One of the main highlights of this match on March 3 will be in the 177 lb. class when Jim Clayton of Maryville meets Dick Hartzell of the Cardinals. Hartzell was the high school state champ in Missouri, and Clayton is undefeated so far this season. In their first meeting Clayton was stricken with stomach cramps and the match was called off.

Wrestling is only in its second year here at Maryville, and the team is having a very successful season under Coach Dr. H. D. Peterson.

College Wrestling Is Great Success

Wrestling, the newest type of athletics on this campus, has enjoyed great success in the inter-collegiate circles. This sport, which was started only last year, has drawn more spectators each time it has been presented in the college gymnasium. Dr. H. D. Peterson, who coaches the Bearcat team, is currently in the midst of an undefeated season, and only lost two matches last year.

The thorough, 36-0 shellacking of Missouri University February 14 was symbolic of all the Bearcat victories thus far. The scores haven't even been close. The 'Cats opened the season by trouncing Wentworth, 38-0, and then proceeded to knock off William Jewell, Graceland, Fort Hays, and M. U. Bearcat grapplers met Dubuque, Iowa, here Friday night, February 20.

This year's team is composed of six freshmen, one junior, and one senior, which should indicate the material Dr. Peterson will have in future years. The senior is 147 pound Larry Schweizer, the captain of the team, from Savannah. The junior is heavyweight, Doyle "Tank" Thomas, from Grant City. These are the only two lettermen from last year's team who were able to make the squad.

The new men are Lynn Peterson, Audubon, Iowa; Roger Shoening, Ralph Messerli, and Bill Waugh, all from Council Bluffs, Iowa; Harold Wilmarth, Corning, Iowa, and Jim Clayton from Waukegan, Illinois.

'Cat Cagers Down Pitt State Squad For Ninth Victory

The Northwest Missouri State cagers staved off a late drive by the Pittsburg, Kansas, team on Monday night, February 16, and evened their record up for the season at 9 wins and 9 defeats.

Gene Jordan and Dale Cramer pulled the 'Cats through to a 53-48 victory after the score was tied with two and one-half minutes left to play.

It was the sixth win for Coach Moss' team in the last seven games. This game capped a three game road trip for the Bearcats.

Despite a great height disadvantage, Maryville controlled the rebounds in whipping the Gorillas for the second time this year. They also outshot the Kansas team from the free throw line 23-14, which made the difference in the game. Leading scorer, Jordan, hit 22 points for the Bearcats, while Onelio led the Gorillas with 12.

College Boxer Takes Golden Gloves Prize

Larry Belluchi, an elementary education major, who recently won the heavyweight division novice championship of the St. Joseph Golden Gloves tournament believes that boxing is a great competitive sport and enjoyed working out for the tournament that led to winning a cup.

Larry, who hails from Glenwood Springs, Colorado, has been actively engaged in different forms of athletics most of his life. He was an all-star athlete in high school, and lettered in basketball, football, and track.

Because of a knee injury received in high school football, Larry has had to take up boxing as a substitute for wrestling. Larry says, "The man I fought in St. Joe was the open division champ. He was the only one they could match me with." He went on to say, "I won in one minute and forty-five seconds of the first round."

Larry trained in the basement of the Catalina Club, owned by Hartford Samson, who fought professionally at the age of 17. Samson can be given due credit for his part in this success story, since he trained four champions out of an entry of six men from the Maryville team in the St. Joe tournament.

Larry believes that you get out of boxing what you put in it. For a man as big as Larry, 6 feet 1 inch and 193 pounds, this is quite a bit either way.

'Cats Are Edged By Bulldog Cagers

The final conference game of the year ended in a tragedy as the Bearcat cagers lost a heartbreaker to the second-place Kirksville Bulldogs, 70-68, last Friday night.

Maryville played the Bulldogs down to the wire, but fell in the final three seconds when Roy Tewell hit a jump shot from 15 feet out to break a tie and cop the game.

Senior guard Don Eklund didn't play due to a sprained ankle, but reserve Ken Lein turned in a fine performance, hitting 18 points. Gene Jordan scored 24, and Marland Ray notched 10 points for the 'Cats, but they couldn't match the Bulldogs' balance of Roy Tewell with 20, Burditt with 19, and the leading conference scorer, Larry Swift's 17 points.

WRESTLING ACTION . . . The above picture shows some of the action at the recent match on February 20 with Dubuque College which Maryville won 20-13.

Random Shots . . .

Gene Jordan, leading Bearcat scorer, dropped from first to third last week in MIAA Conference scoring. His average dropped from 20.2 to 19.1. Larry Swift of the Kirksville Bulldogs jumped into the lead with an average of 21.8, while John Sturm of Rolla stayed in second place with a 19.7 clip.

This year's cage team, under Coach Marion Moss, posted the best record the school has had since 1950, when H. D. Peterson's team compiled a 15-9 mark. The standout of that team was Pete Younger, who is currently running the Nodaway Lanes bowling alley in downtown Maryville.

Three transfer students, Gene Jordan, Dale Cramer, and Ken Lein, had a great deal to do with the Bearcats' improved record. Jordan came from Mississippi University; Cramer from Westminster College; and Lein from Ellsworth Junior College in Iowa Falls, Iowa.

Take a look at the MIAA standings. Outside of Rolla, the league was very well balanced with very little difference between the second and fifth place teams.
